# 2020

**What is Lottery for Wildlife all about?** Each entry into Lottery for Wildlife costs £1 each month. This £1 earns you a place in the Lottery for Wildlife draw, held at the end of each month. The lucky winner will receive 30% of the income for that month. The remaining 70% goes towards our conservation work. Over the last 11 years, Gwent Wildlife Trust's Lottery for Wildlife has raised over £18,000 for local wildlife and we've given out over £7,000 in prizes.

**Lottery for Wildlife 2020** is contributing to Gwent Wildlife Trust's **Gwent Uplands Project**.

Family outdoors by Matthew Roberts

The Eastern Valleys team works out of the Environmental Resource Centre in Ebbw Vale, but covers the whole of upland Gwent. The Eastern Valleys region is bordered by the Brecon Beacons National Park and the Llanthony Valley to the north and east, and stretches south down to Cwmbran and west to the uplands of Caerphilly. The landscape changes from river valley and lowland grassland to gorges, heather clad slopes, scree and rock faces. We have a huge diversity of wildlife in this region, and your donation will help us to make it better for this wildlife and to give people more opportunities to enjoy it.

Our team of Reserve and Education Officers manage our nature reserves in this area and also work with other

landowners to encourage them to manage their own sites for wildlife. The team work hard to provide fantastic habitats for wildlife and work with many volunteers to increase the impact that we have. We also work with schools, colleges and community groups from across the area, providing them with high quality outdoor learning and experiences, and enthusing them about the amazing wildlife on their doorstep. Our team is also passionate about reaching out to more people, whether through public events, courses or walks which showcase the fascinating wildlife of the area and the skills needed to look after it. Your donation will enable our team to continue with the important work that they do out of the ERC, as well as enabling us to expand our reach to more landowners and more schools.
